

BE BALAJI ENGINEERS

'Powerful' Partner for your all 'Power' Needs

Manufacturing | Stockist | Govt. Ele.Contractors

The Story

Since 2004, Balaji Engineers is a fast-growing ISO 9001-2015 certified company in the area of Electrical Equipment and Materials required for adopting electrical power for Industrial, Agricultural and Residential use. The company has engraved its name for quality products and services in the power sector of states like Maharashtra, Goa, and Karnataka. Balaji Engineers is performing remarkably under the proficient guidance of Mr. R. D. Bhandari. (Rtd. Executive Engineer, MSEDCL Kolhapur).

Effectiveness in quality and timely delivery of MSEDCL approved materials has given us an opportunity to cater to the requirements of leading companies like Indocount Industries Ltd, Powergrid Corporation Of India Ltd, Offshore India Ltd, Vinati Organics Ltd, Hotel Sayaji, Kolhapur, Ghodawat Industries, Olem (Hemrus) Industries Ltd, Nagarika Exports Ltd, R.M. Mohite Industries Ltd, Finolex Industries Ltd, etc as well as leading Electrical Contractors and Consultants. Our installed equipment in electrical projects ranging from 25kVA to 6500 kVA and voltage levels from 11kV to 220 kV are working satisfactorily. Thus, so far we have completed over 850 installations successfully.

We, at Balaji Engineers, are providing all electrical solutions to industries in three business verticals, which are *Stockists of Electrical materials, Manufacturers of Electrical equipment*, and *Govt. Regd, Electrical Contractors*. These three verticals are helping our esteemed clients to get all technical honest electrical solutions under one roof.

We are authorized Dealers, Distributors, Suppliers, Stockists, and Business Channel Partners for well-known Electrical Power Equipment brands in India. Balaji Engineers is the leading MSEDCL Approved manufacturer of A B switch, Horn Gap, LT Dist. boxes, Isolators, and DTC Fabrication material which are widely supplied all over Maharashtra.

Balaji Engineers is one of the fastest-growing Electrical Govt. Contractors providing Electrical solutions to Industries under Turnkey EPC Contracting starting from application to Electrical board upto Charging Substation .
